

Sprint Mobile Broadband with Power Vision

Where it's available, experience high data speeds over the EVDO network when accessing Sprint Power Vision services and content; retrieve customized, up-to-date Web content such as News, Sports and Weather; Download large attachments and access corporate data on the spot.

Supports Sprint Picture Mail & Video Mail

Share it when it happens. The built-in camera (with video capability) allows you to capture memories anytime, anywhere, and instantly share them with colleagues, friends, or family when on the Sprint Nationwide Network. Upload pictures and videos to the Pictures Web Site (pictures.sprintpcs.com) to create albums and send them to any working email address.

Easy Navigation

Touch-screen and integrated, backlit QWERTY keyboard makes sending email and editing documents fast and familiar. Central five-way navigation button provides easy access to menus and dramatically improves one-handed operation.

Wireless Email

Sprint Mobile Email and VersaMail are the included email clients. Send and receive email from multiple corporate and personal email accounts. Also, get wireless email access to popular commercial POP3 and IMAP accounts like AOL, Gmail, Earthlink, and Yahoo! VersaMail® application right out of the box allows wireless access to Outlook email with a direct connection to Microsoft® Exchange Server 2003.

1.3 Megapixel camera/camcorder

Use the 1.3 Megapixel camera to shoot high-resolution digital images and then send them on the fly - no need to switch from the camera to the browser or email application. Intuitive icons make it easy to show off your favorite shots in a slideshow or digital photo album. You can even share your photos with other devices using Multi-Media Card or SD expansion cards, sold separately. Capable of 2X Zoom.

Bluetooth Wireless Technology

Built-in radio technology for short-range wireless communication. When used with your Sprint PCS Phone and accessories, Bluetooth allows fast, secure transmission without cables or wires, even though the two devices are not in line-of-sight. Bluetooth wireless accessories sold separately.

MP3 Player

Integrated Pocket Tunes Deluxe

Built-in media player

See and hear your favorite news, sports, and other fun content in real-time streaming video and audio, all at broadband-like speeds.

Speakerphone

Safe, hands-free cellular conversations are always available with the built-in speakerphone.

Familiar Palm OS Productivity Tools

Work on-the-go; access your planner and scheduler, check your task list and more. Also includes a world clock, calculator, memo pad, and alarm clock.

Memory

128 MB memory; 64MB of dedicated user storage offers plenty of room to carry everything you need.

Brilliant Color display

Vibrant 1.56"x1.56" TFT display with 65K colors and 320 x 320 resolution.

Productivity Software Enhanced attachment viewing

Documents to Go® version 8.0 offers Microsoft® Office compatibility; Download, view and edit Word and Excel® compatible files, then send them back fast; Rehearse PowerPoint® presentations anywhere; Consult your important PDF files on the go.

Data Transfer Mode (DTM)

Set in the default position allowing users in an active data session to be notified of incoming voice calls, rather than having them go automatically to voicemail.

Phone as Modem

Use the optional USB cable, or Bluetooth Wireless technology, to connect with a PC for Internet and email access on the Sprint National Network.

Voice Memo/Recorder

Record your brilliant ideas with the built-in voice recorder.

Customize to suit your style

Make the Palm Centro exclusively yours with thousands of third-party Palm OS® applications. Purchase industry-specific productivity tools or download free funware at Palm.com.

Palm OS 5.4.9

Palm's World Class Ease of Use.

TTY Compatible

This phone connects to a TTY device, allowing anyone who is visually- or hearing-impaired the ability to communicate.
