

three font sizes.

Speakerphone

Safe, hands-free cellular conversations are always available with the built-in speakerphone.

Group Connect

Users can instantly connect a group of people nationwide - all at once - with the Group Connect service. [Click here](#) to learn more about this service.

2.0 Megapixel Built-In Camera

Capture images for personal and business purposes and send them to friends and colleagues using the built-in 2.0 megapixel camera with up to 4x digital zoom.

Bluetooth®-Enabled

Talk hands-free with a wireless earpiece. Walk as far away as 30 feet from the Motorola i880 using a Bluetooth®-Enabled device.

Media Center

Large memory size allows you to store hundreds of photos and will display a variety of file types.

Built-in MP3 Player

Transfer music files from PC and listen to your songs via the speakerphone or a stereo headset accessory (sold separately).

Micro SD (Transflash) Memory Card Slot

Store songs, video, and pictures to a removable Micro SD (transflash) memory card and easily transfer to your PC.

Record Video, Playback, and Send

Record videos of up to one hour to larger memory Micro SD memory cards (sold separately). Send small videos via Multimedia Messaging service (on average, six seconds).

Multimedia Messaging Service

Send or receive Multimedia Messages (either audio, images, text, or all three in the same message) to or from email addresses and other capable users. You can even wirelessly store multimedia on the Sprint web site. [Click here](#) to learn more about this service.

Direct Talk^(SM)

The all-digital off-network Direct Connect that works anywhere, anytime between compatible phones within a range of up to 6 miles (range will vary based on terrain and conditions). Direct Talk^(SM) provides reliable back-up communications tool in times of emergency, network outage, or when traveling to remote areas not under Nextel coverage such as hiking, cruise vacations or inside buildings. [Click here](#) to learn more about this service.

Direct Send^(SM)

The new Sprint now provides industry-leading Nextel Direct Connect services including the ability to push-to-send contact information from your contact list to other Nextel Direct Send^(SM)-enabled phones...instantly!

Downloadable Applications, Games, Ring Tones and Wallpapers

Use the ▢Downloads▢ menu to choose from hundreds of additional Java applications, Games, Ring tones, and Wallpaper to personalize your phone. Phone-initiated purchases and downloads require a data plan; visit www.nextel.com/downloads for additional instructions and information.

Java Applications

Get answers at your fingertips or take a break from a hectic schedule with included applications and games. Visit www.nextel.com/downloads for additional applications, full game versions, details on content and download instructions.

Multiple Languages

Change a setting to read phone menus and options in English, Spanish, and French.

Anti-Microbial Paint

Uses Agion anti-microbial paint technology. This is the same paint technology that is currently being used on the i870.

Quick Flip Button

Easy open push-button flip mechanism. Located on the top right side of the flip hinge.

HAC compliant

Hearing Aid Compliance causes less electromagnetic interference (EMI) and radio frequency (RF) interference, which should improve usability with hearing devices.

Text-to-Speech

The Text-to-Speech (TTS) feature comes installed in all i880s and uses voice playback to guide you through phone menus and through placing and receiving calls.

High Contrast Palette

High black and white contrast palettes allow for easy-to-read screens for visually impaired users.

Voice Activated Dialing

Press a button and speak to dial numbers or access features.

Nationwide / International Direct Connect

Nextel's Direct Connect service is built into every Nextel phone to help you get right through. Instantly connect to another Nextel user locally within your Direct Connect calling area, nationwide from coast to coast and internationally between the U.S. and up to five countries
