

Sprint® Power Vision

Sprint Power Vision gives you fast and easy access to news, sports, weather, music, email, GPS and much more. Enjoy the network that gives you the power to watch live TV, instantly download songs to your phone and play multiplayer games all at broadband speeds.

Sprint® Music Store enabled

Download stereo-quality tracks instantly to your wireless phone or PC. Choose songs from thousands of artists in virtually every genre, and listen wherever you go.

Sprint® TVSM Enabled

Watch live TV and video-on-demand with full-motion video and vivid sound. Catch the latest news, sports, weather, entertainment and movie trailers on the go.

1.3 megapixel camera and camcorder

Capture high resolution images with the digital camera and zoom. Create your own video clips and easily share them with family and friends.

Stereo Bluetooth® Wireless Technology

Enjoy the convenience of hands-free communication by using headsets, car-kits and other Bluetooth-compatible devices.* Stereo Bluetooth lets you listen to your music on the go or listen to your music using compatible accessories without wires. *Bluetooth wireless accessories are sold separately.

GPS Enabled

View your approximate location and use available applications to navigate roadways throughout the country.**
**TeleNav unlimited require data plan plus monthly subscription.

Removable microSD Memory Card

Store pictures, videos, voice memos and music on the removable microSD card.

Mobile Email

Easy, one-touch access to all your personal email including AOL/AIM, Yahoo!, Windows Live (Hotmail and MSN) and more!

Themes enabled

Express your style and interests by customizing the appearance and features of your phone's standby screen, main menu, and My Favorites screens with your choice of downloadable themes.

SMS Voice and Text Messaging Enabled

Instantly send and receive SMS Text Messages across the room or across the country, anywhere in the Nationwide Sprint PCS Network. Text messaging without typing! Send voice messages to any mobile phone or email address. Just select a recipient, record a message and send.

Bright, Colorful Main Display

See brilliant images, text and graphics on a 2.0" LCD screen covering a range of 262k colors.

Restrict and Lock

Restrict incoming and/or outgoing direct dial calls as well as limit access to data services such as Sprint Power Vision®. *Restrict and Lock on the KATANA™ DLX is available via the Settings > More.. menu.

Voice Activated Dialing

Say the name of the person you want to call, and the phone dials the number automatically.

Phone as Modem

Use the available USB cable, or Bluetooth Wireless technology, to connect with a PC for Internet and email access on the Nationwide Sprint PCS Network.

T9 Text Input

Compose messages easier and faster. Predictive Text Input and the internal dictionary predicts text as you type, making it simpler to send messages.

Customizable Favorites Menu

Personalize your phone based on the applications most frequently used; assign favorite device activities to the corresponding menu numbers for quick access.

Wireless Backup

If your phone is ever lost, stolen, damaged or replaced, you can use Wireless Backup to restore your contact information quickly and easily. Additional charges apply.

Voice Memo/Recorder

Record and store as many as 300 different voice memos, each up to 10 hours in length, for playback anytime.

TTY Compatible

Compatible with select TTY devices.

Hearing Aid Compatibility

The Katana DLX by Sanyo has received a rating of M4/T4
