

Sprint® Power VisionSM

Putting the power in your hands. Sprint® Power Vision gives you the choice and flexibility you need to make the most of your wireless service. Transform your wireless experience from functional to fantastic with features and content that are very visual, extra entertaining, and perfectly personalized. Enjoy the network that gives you the power to watch live TV, instantly download songs to your phone and play multiplayer games all at broadband-like speeds.

Sprint® Music StoreSM enabled

Wirelessly download digital tracks instantly to your phone. Choose from hundreds of thousands of full-length songs for virtually every genre. Select songs directly from your wireless phone and listen to them wherever you go, even download them from your PC.

Sprint® TVSM enabled

Enjoy full-color video clips or live TV of the latest news, sports, and entertainment from brands you know like CNN, FOX, The Weather Channel and more.

Ultra-thin design

The MotoRAZR is in a select group with its unique design and thin form factor.

Removable Micro SD Card

The built-in memory card slot accepts TransFlash cards for expanded storage capacity of pictures, video, and music. A 64mb TransFlash card is included.

Sprint® Picture MailSM

Instantly shoot, view, store, print, and share, sharp, high-resolution, digital pictures with your Sprint Power Vision picture phone and send them to email addresses or other Sprint Power Vision phones.

Themes enabled

Express your style and interests by customizing the appearance and features of your phone's standby screen, main menu, and My Favorites screens with your choice of downloadable themes.

SMS Voice and Text Messaging Enabled

Instantly send and receive SMS Text Messages across the room or across the country, anywhere in the Nationwide Sprint PCS Network. Text messaging without typing! Send voice messages to any mobile phone or email address. Just select a recipient, record a message and send.

Games

Turn downtime into fun time. Graphically enhanced games for one or multiple players provide hours of entertainment.

Speaker-independent voice dialing

Say the name of any entry in your phone book and the number is dialed automatically without using the keypad. This feature is speaker-independent, so there is no need to train the phone to respond to any one person's voice. Receive an audible status report of your phone/s coverage, signal strength, and battery strength.

Screen savers

Reflect your interests with thousands of pictures of your favorite TV characters, sports teams, celebrities, urban artwork, and more.

Phone as Modem

Use the optional USB cable, or Bluetooth® Wireless technology, to connect with a PC for Internet and email access on the Nationwide Sprint® Network.

Sprint® Music StoreSM enabled

Wirelessly download digital tracks instantly to your phone. Choose from hundreds of thousands of full-length songs for virtually every genre. Select songs directly from your wireless phone and listen to them wherever you go, even download them from your PC.

T9 text input

Compose messages easier and faster. Predictive text input and the internal dictionary predicts text as you type, making it simpler to send messages.

SMS Voice - Text Messaging enabled

Record a voice message and send it to as many as 25 friends at once, without even making a call. Instantly send and receive SMS text messages.

Wireless Backup

If your phone is ever lost, stolen, damaged or replaced, you can use Wireless Backup to restore your contact information quickly and easily. Additional charges apply.

iTap

Compose your messages easier and faster with prediction text input using the phone's built-in dictionary. iTap lets the device predict the text you enter. It makes sending messages simple and more efficient!

TTY

Compatible with select TTY devices.

Built-in Productivity Tools

Access your planner and scheduler; check your task list and more. Also includes a world clock, calculator, memo pad, and alarm clock.
